

HOME BANKING

Online Internet Banking is available to all members of Longshoremen's Local 4 Federal Credit Union. By using this service a member can view balances, transfer funds between accounts, and see transaction history. Members will also receive account statements electronically. This means that you will receive your statement promptly at the end of the statement period. This feature will also help defer the cost of statement preparation and postage allowing the Credit Union to pass these savings on to its members in the form of low fees and good rates. At your convenience, you can view your transactions and verify your cleared checks on a daily basis.

You must be signed up and entered in the database to use this free service. If you would like to participate in this service please print the form at the bottom of this page, fill it out, and return to the Credit Union. You must be the primary member of the account and a current member of Longshoremen's Local 4 FCU. All fields are required.

Call the Credit Union at 360-694-7751 for information on setting up your account number and password.
